Instructions to completing the change of information form

1. The form must be used when changing information about a member of SIK. Even if there is only one change (for example moving to a new address or workplace), please fill in all the fields.
2. It is important that the fields are filled in correctly.
3. Some groups pay half a contingent. This applies to unemployed, part-time employees and trainees. All other members pay normal (full) contingent.

If one changes from being unemployed, part-time or a trainee to be a full-time employee, one must pay a normal contingent. Here you need this form, "Change of member information", to document the changed conditions.

4. It is important that SIK has registered each member correctly in relation to the contingent payment. And it is also important that you use this form, if changes occur, for example moving to another city, to new workplace or moving from part-time employment to full-time employment or vice versa.
5. It is important that, when ticking, specify whether one is a monthly paid or a 14-day paid. When you are paid for 14 days, you must state your next payday after the registration. This is for the information of the contingent administration whether the salary payment is made in even or odd weeks.
6. Part of the contingent goes to the local department of the union for own activities, while another part goes to the union for common purposes. Pr. March 2021 the following contingents apply to the local branches:

Tasiilaq:	250 kr.	Aasiaat:	310 kr.
